Subject: IB Docket No. 02-10: Reply Comment Date Extended to May 4, 2005

It has come to our attention that some parties filing oppositions to petitions for reconsideration in IB Docket No. 02-10 served the other parties by mail, while others served parties electronically. As a result, the date for replying to some oppositions is May 2, 2005, while the date for replying to other oppositions is May 4, 2005. We have been advised that all parties to the service in the proceeding have agreed to synchronize the filing deadline for all reply comments. Therefore, to ensure all parties have a full and fair opportunity to address all issues raised in IB Docket No. 02-10, parties may file replies to all oppositions on or before May 4, 2005.
